Library Module maintains all the titles of the books in the library and books are issued through this module and OPAC facility also provides through this module to the readers.

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The institution has effective curricular planning and implementation with the management of the available time as per the RTM Nagpur University's Academic Calendar. IQAC has Academic Planning Committee in which the institutional academic calendar has been made and uploaded in the institutional website for students as well as teachers. By keeping in mind the university's academic calendar and the institutional academic calendar, teachers prepare departmental plans to deliver the curriculum to the students in time. At the beginning of the academic session, teachers convey their concerned syllabi to the students along with the departmental teaching plan. They also convey question pattern, information about university examination and the system of evaluation in the university examination. So every student must have proper information about curricular planning and its implementation. The multi-member teacher's department has usually distributed their workload among the regular teachers as well as the temporary appointed teachers. The institution has a central library with more than 15000 books in all subjects taught in each faculty. The library has enough facility of a reading room for the students as well as teachers and also a network resource centre to the students. Practical based subjects have well-equipped laboratories for the proper experiential method of learning in their respective subjects. The library has the facility of OPAC for searching books of the central library. In the rural area, students are not well prepared for entering the university level education in some subjects. Considering these difficulties, the Department of Microbiology and Physics conduct bridge course for their students at the beginning of the academic session. Faculty of Commerce has conducted a workshop on Entrepreneurship for making awareness among the students about the scope of entrepreneurship. Most of the teachers use ICT method in classroom teaching. The institution has installed roof-mounted LCD Projectors in classrooms and one interactive board installed in a

classroom for effective teaching. Environmental Studies are taught to the semester IV students in each program as the mandatory course for all students. Many of the teachers use audio-video method to convince the students in their classroom teaching. Program outcome has also uploaded in the institutional website for making awareness among the students and conveyed this to the students and encourage a visit to the website for information.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	No
Employers	No
Alumni	No

Parents

Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

IQAC has formed Feedback Committee for conducting feedback of the selected students in every academic year. Students' identity is kept anonymous in the process and they want to fill up the name of the teacher, class and subjects in the feedback form. IQAC has finalized the feedback form based on the five indicators such as teaching, class control, regularity, attitude and overall response. Under the first indicator teaching, there are twelve questions such as methods of teaching, adequacy of explanation, class illustration, clarity of communication, syllabus completion, response to queries, motivation provided in the subject, study material provided, extra-subject knowledge provided apart from syllabus, teaching aids used effectively and extra-classes conducted in case syllables not covered. The second indicator, Class Control has two questions such as degree of control and method of control. The third indicator, Regularity has two questions such as punctuality in classes and punctuality in the valuation of test paper. The fourth indicator, Attitude has three questions such as approachability, motivation provided in subjects and motivation provided for extra-curricular activities. The fifth indicator is an overall response of the students towards the teacher. After collecting feedback from the selected students, the feedback committee submits its analysis report to IQAC for corrective measures. The institution has an active Parents' Teachers Association (PTA). PTA conducts its meeting twice in an academic year. The institution collects the feedback from parents in its meeting for self-assessment of the overall functioning of the institution but the analysis of parents' feedback has not done. In the regular meeting parents, feedback form of the parents distribute and collect their feedback. There are ten questions in the parents feedback form based on Teaching-Learning Environment, System of Monitoring Students' Progress, Encouragement provided to students for participation in academic program, Infrastructural Facilities, Learning Resources (library, internet, computer), Competence and Commitment of Teachers, Hostel Facility, Discipline Practices, Communication and Response with the Teachers and Enhancement of Students' Personality. At the end of the feedback form, there is a descriptive response from the parents as any other suggestions. Through this feedback and suggestions from these prominent stakeholders, IQAC can understand the weakness and strength of the institution and also challenges and opportunities.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The IQAC has Continuous Internal Evaluation (CIE) Committee to monitor the internal evaluation of the students. As per the semester pattern introduced by the affiliated RTM Nagpur University, Nagpur, there is 20 credit in internal evaluation. At the institutional level, every teacher is continuously evaluating their students at different levels through different methods. Teachers used to evaluate the students by conducting the unit test, oral test, conducting students' seminar on the specified topic taught in the class, giving home assignments and periodical checking of their regularity in the class. Very short answer questions are the part of the semester pattern. By displaying such very short answer questions in LCD projector and ask them to answer in the classroom teaching is a very effective practice in the institution. ICT method is adopted by most of the teachers in teaching, learning and evaluation. Many of the subjects are practically based, in such subjects teachers assess the academic performance of the students in practical sessions of their subjects. Internal Evaluation of the students is conducted to prepare the students for the university examination. Students would be very familiar with the pattern of the university examination.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Affiliated RTM Nagpur University publishes its Academic Calendar before the beginning of every academic session. By following the academic calendar of the university, IQAC directed every department of the institution to prepare departmental planning for delivering the curriculum to the students. Along with conveying the prescribed syllabus, teachers also convey the teaching plan to the students in the classroom teaching for a better understanding of the academic plan. IQAC monitors the entire functioning of the internal examination of the students through its Continuous Internal Evaluation (CIE) Committee. IQAC through its Continuous Internal Evaluation Committee distributes the paper for taking the continuous evaluation of the students within the stipulated time as per the academic plan approved in the IQAC. Regular teachers in every subject are one of the important potentiality of the institution. And institution has sufficient infrastructure facility for adhering to the academic plan. The institution is the centre of university examination and well equipped with conducting university examination. In short, the institution has strictly adhered to the academic calendar of the concerned university as far as the internal and external examinations are concerned. Following the university's academic calendar, the institution prepares its institutional academic calendar for the smooth functioning of the academic performance. As per the Maharashtra Public Universities Act, 2016 and Direction No.39 of 2017 of the RTM Nagpur University, every affiliated colleges have to form the statutory Students' Council in the campus for ensuring the leadership participation of students in the overall functioning of the administration and the president and secretary of the Students' Council become the members of the College Development Committee but the affiliated university has not directed the institution as per the decision of the Maharashtra State to form the Students' Council in the academic session 2018-19. Even though the institution has not formed the Statutory Students' Council but the institution ensures participation of students in almost all committees of the institution such IQAC, Library Advisory Committee, Sports Advisory Committee, Committee for Cultural Activities and organizing committee of the Annual Function. Whenever there is any program conducted on the campus, the institution always guides the students to lead the role of compering the program with enough confidence. The institution has a large number of NSS volunteers (200) with maximum participation of students' leadership in all the activities. NSS has played a paramount role in the formation of leadership qualities among the students. Teachers and program officers play a very substantial role in making participate leadership of the students on the campus. This practice has ensured to fulfil the mission of the institution to make the students as a responsible citizen in future.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Practice I The institution has to prepare and submit its Self-Study Report (SSR) before the due date of gradation expiry on 4th May 2019. The entire employees of the institution have shouldered its responsibility to complete this great mission of self-assessment of the institution during the assessment period. The institution has prepared its Self-Study Report within the stipulated time with maximum participation of all stakeholders of the institution. IQAC has played a very coordinating role in the self-assessment of the overall performance of the institution as per the new revised NAAC Manual which is 70 quantitative and 30 qualitative metrics. For understanding the new revised NAAC Manual, the IQAC has met in its continuous brainstorming sitting from the beginning of the academic session 2018-19 and after that criterion wise committees were formed for completing the mission of preparing the self-study report with maximum participation of the teachers and non-teaching staff members. Head of each criterion wise committee is being appointed from the teachers whose medium of instruction is English. IQAC has again reduced the stress of its coordinator by appointing two assistant coordinators for supporting quantitative and qualitative metrics. IQAC members have active support and participation in preparing the self-study report. IQAC has decentralized its mission for preparing the self-study report by constituting seven committees for consolidating all data and information concerning the overall performance of the institution during the assessment period. Even after the submission of the SSR, all teachers have devoted their time to complete the students' satisfaction survey (SSS) by making awareness among the students and ensure immediate response to the NAAC survey on teaching, learning evaluation of the institution. Practice II Annual Function of the institution was the biggest cultural and sports event in the academic session 2018-19. It was impossible to organize such a big event without the participation of the teachers and students' participation. IQAC for this purpose had constituted different committees to organize the Annual Function under the leadership of one teacher and ensure the participation of the students in each committee. NSS program officers and NSS volunteers had also played an important role in the organization of the Annual Function. Cultural Committee had played a good role in roping best-talented students and encourage them to perform in the Annual Function and boost their confidence for future performance in their life. Three days function was organized by following the principle of decentralization and participative management. Meritorious students were facilitated on the occasion by the management members. It is a great convergence of all stakeholders of the institution. It is the continuous practice of the institution since its inception of the institution.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	There are three elected teachers in the Board of Studies (RTM Nagpur University, Nagpur) of Geography, Commerce and Economics and they do good contribution in the curriculum

development as members of the Board of Studies of their respective subjects. Besides this, the institution has run Certificate and Diploma Courses on Tourism as Career Oriented Program. Department of Geography contributed for the development of the curriculum of Tourism Course.

Teaching and Learning

Teaching and Learning has played a significant role in the academic excellence of the institution. For the qualitative functioning of teaching and learning process, the institution has regular teachers with good experience and good credit in research area of their subjects. There is one tutorial period in subject viz. physics, Mathematics and English for helping the slow learners. Teachers encourage advanced learners for PPT presentation in the classroom. ICT enable teaching method adopted by many teachers in the institution. In addition to this, teachers supply E-books, Animation videos and video clips to the students.

Examination and Evaluation

Continuous Internal Evaluation of the learners has been done under the semester pattern and 20 credit has been generated out of internal assessment process by the internal assessor. The institution submit the mark of the internal assessment through online process to the university. In the university examination, there is best practice of online question paper delivery. Science teachers do onscreen valuation process in the spot valuation center of the university. Examination and Evaluation are concerned, there is application of ICT method. Teachers do university level practical examination for evaluating the students along with external examiners.

Research and Development

IQAC always encourage the teachers to do quality research in their subjects. As a results, many of the teachers have published their books, chapters in book and research papers in research journals. The institution has developed Azolla cultivation plant in the campus for making awareness among the rural student for organic farming. The

	<p>institution has conducted soil test from Soil testing laboratory Agricultural University after using Azolla as bio-fertilizer. The institution also supply inoculum to the needy farmers and students.</p>
<p>Library, ICT and Physical Infrastructure / Instrumentation</p>	<p>Library functions with full automation with its software Lib-Man Software under the E-Governance Software, Centralized Campus Management System (CCMS) with cloud based integrated technology. Network Resource Center is in Library with computers with LAN and also OPAC facility is provided to the readers. Besides this, Research Journals, Magazines, Weeklies and Dailies in English, Hindi, Marathi, are available in the library.</p>
<p>Human Resource Management</p>	<p>There are many vacant posts in teaching and non-teaching staff but the institution is helpless because of the state government policy. The institution has recruited temporary teachers based upon quality of their performance for the teaching staff and some temporary appointments have been arranged for the support of the administrative staff.</p>
<p>Industry Interaction / Collaboration</p>	<p>The institution has organized workshop on Entrepreneurship in the campus and also organized an industrial tour for the students in collaboration with MCED, Bhandara. In collaboration with Lifeline Blood Bank, Nagpur, blood donation camp has been organized.</p>
<p>Admission of Students</p>	<p>There is transparent mechanism for admission of the students by following govt. rules and university rules. Applications are collected and displayed merit list on the Notice Board. Information regarding admission has been displayed on the website and prospectus with application are distributed from the college office. IQAC has formed an Admission Committee to monitor the entire admission process very smoothly. The admission committee has counseled the students wherever necessitated.</p>

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE I 1. Title of the Practice **MERITORIOUS STUDENTS' HIGHLIGHTED ON THE FLEX BOARD AND ALSO FELICITATED IN THE ANNUAL FUNCTION** 1. Objectives: To achieve utmost academic excellence To promote the advanced learners To encourage the slow learners To augment the Teaching-Learning process To inculcate academic spirit among the students To relish these memories in the life of students To explore the potentiality of the students To promote the students in Sports, Cultural and Extra-Curricular Activities 1. The Context: Students in the institution come from rural, tribal and Naxal affected region.

Therefore, excellence in academic, sports cultural activities are not appreciated as per the expectation. This practice is promoting the students participating in University, State national level competitions. In this context, the institution has been doing the practice of felicitating the meritorious students in the university examination, meritorious students in other activities at the time of Annual Function. Recognition of meritorious students boosts the academic, sports cultural spirit of the students in the rural background. 2. The Practice: Most of the Cash prizes are sponsored by the Chairman of the College Development Committee, Shri. Lunkaran Chitlange and some by the members of the Management Body, Members of the teaching staff and other Philanthropists from the local region. The institution communicates this information to the students through the institutional website and prospectus of the institution. When the result of the university examination is declared, the institution identifies the merit students from all Programmes and display on the Flex Board inside the campus. The meritorious students' name, photo, class and percentage and subjects are displayed on the Flex Board. At the time of the Annual Function, they are all felicitated by giving Cash Prize at the hands of the Guests and also by the trustees. Students who have performed in the field of sports and cultural events at different levels are also felicitated in the Annual Function. 3. Evidence of Success: The institution has successfully generated a competitive spirit among the students in all Programmes. As a result of this practice, there is vertical progress in the number of prize winners in the institution. The impact of this practice is tremendous and the slow learners are inspired by the meritorious students' academic achievements.

Those students who are excelled in sports and cultural fields are also felicitated in the Annual Function. All the students are inspired by the felicitation Programme. 4. Problems Encountered and Resources required: Even though, the individuals who are Sponsoring the Cash Prizes in the present context are not increasing the cash prizes. Therefore, there is a need for finding new sponsors. Therefore, the institution cannot increase the Cash prizes there is a need for mobilizing funds from outside to extend this practice with more impact. **BEST PRACTICE II** 1. Title of the Practice **MENTORING SYSTEM FOR SCHOLARSHIP** 1. Objectives: To ensure scholarship to all eligible students To fill up the Scholarship Form correctly by the students To avoid any type of problems for the students 1. The Context: Most of the students are coming from the educationally backward classes. Therefore, many of the students commit some mistakes in Scholarship Form and sometimes they do not attach all the relevant documents along with the Form. Under these circumstances, it is very necessary to form such a Mentoring System to save eligible students from being deprived of the scholarship. 2. The Practice: The information about the different type of scholarships and the name of the committee members are displayed in a key place on campus to the students and also uploaded the same on the website. The eligible students submit the online form of scholarship in Maha-DBT portal of Govt. of Maharashtra. The students approach the supportive committee members along with the hard copy of online application form and attach relevant documents. The supportive committee members check and verify the form whether it is filled up incorrect way or not before final submission

in the college office. 3. Evidence of Success: All the eligible students are getting the benefits of Scholarship. The students get a positive response to the committee. The institution has successfully formed a mentoring system for ensuring scholarships to every eligible student of the institution. 4. Problems Encountered and Resources Required: Most of the students are eligible for the Scholarships in the institution. Some of them don't enjoy this opportunity because of their irregularity in college. Therefore, the committee members encounter certain difficulties. The Number of non-teaching staff is not sufficient due to the ban on recruitment process by the Govt. of Maharashtra. Therefore, some of the teachers from different Programmes extend their support to handle this imbroglio. The appointment ban on non-teaching staff must be removed by the Govt. of Maharashtra for the smooth functioning of the administration.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Under the noble concept of Institutional Social Responsibility (ISR), the institution has an excellent achievement in the domain of Rural Development. National Service Scheme (NSS) is one of the dynamic unit of the RTM Nagpur University under the efficient leadership of Program Officers. During the academic session 2018-19 also, the institution has contributed to the cause of Rural Development through different programs. NSS Unit has organized camp from 16 January 2019 to 22 January 2019 at Dabhana a small village nearby Arjuni-Morgaon on the theme, "Youth Power for Cleanliness". During the camp period, many experts were invited and they delivered lectures on different topics such as Water Management, Changing Situations of Bank Business, Social Responsibilities of Youth, and Superstition in Society, Preparation of Competitive Examination. The NSS camp has also introduced Fire Extinguisher to the students as well as villagers to make awareness. Officers from the Tehsil Office also have informed about the functioning of the EVM for making awareness among the voters. In collaboration with Bhandara District Hospital, there was a blood donation camp at the village. Many people and students had donated blood. The drainage system of the village was cleaned by the NSS volunteers. NSS volunteers had also made a road for the villagers. NSS volunteers had stayed at the homes of the villagers as part of the Homestay program. NSS volunteers had a very different experience. NSS volunteers also conducted a socio-economic survey in this village and understood the problems of the villagers. NSS volunteers presented cultural programs at night on a different topic such as clean India, superstition, addiction, gender equity, environmental issues, dowry, tree plantation etc. The institution had sent NSS volunteers to participate in the State Level NSS camp at Dr Babasaheb Ambedkar University, Aurangabad. Many activities and programs were organized by the institution for the rural development context. Sixteen Thousand saplings were planted on July 2018 at the village, Khamkhura. On 11th July 2018, World Population Day was observed for making awareness among the rural students. There was a program of birth Anniversary of Tilak organized on 1st August 2018. Krantidin was celebrated on 9th August 2018 very enthusiastically. There was a Cleanliness Drive on the campus on 14th August 2018 on the eve of Independence Day. Independence Day was celebrated on 15th August 2018 in the presence of stakeholders. From 20th August 2018 to 5th September 2018, NSS observed the "Sadbhavana Pandharvada". During this period, an Essay Competition organized on "Protection of Environment" and slogan competition on "Water is Life" and also

organized a singing competition. On 24th September 2018, NSS had organized a program on its Foundation Day. Gandhi Jayanti and Shastri Jayanti were also celebrated with a cleanliness drive in campus, market and roads. Savitribai Phule Jayanti was celebrated in the campus and conveyed the message of gender equity to the students on the occasion. NSS volunteers and students were called at the Police Station at Arjuni-Morgaon and informed the students about Laws, Rules and weapons.
