

FEEDBACK SUMMERY

(2017-18)

The institution has the mechanism to take feedback from the stakeholders (Parents & Students) at the end of every semester. The observation, suggestion and comments made by the students and parents improve the overall functioning and improve the qualitative transactions. The feedback process identifies the loopholes and gives an opportunity to improve the teaching and learning.

The important points identified in the feedback are given below:

STUDENTS FEEDBACK

- The students' feedback based on the teaching learning process and curriculum delivery is satisfactory.
- The students have appreciated the facility provided by the institution.
- The students also made healthy and positive comments on the subject teachers.
- All the students have shown their satisfaction and felt that the subject's teachers had done adequate preparation for the classroom teaching.
- The students are expressed their satisfaction about the regularity and the punctuality of the teachers.
- They are quite satisfied about the non-teaching staff of the institution.
- Some students give mix response on the use of ICT.
- The students have shown their interest in giving feedback on the class control, communication style, availability of teachers outside the class and co-curricular activities.
- The students are satisfied with the library and Network Resource Centre.

PARENTS FEEDBACK

- The parent's feedback plays an important role in the development of the institution.
- The Parents-Teachers Association collected the feedback forms which are largely positive.
- Some parents have given the suggestions to change the timing of the college.
- The parents had appreciated the initiatives taken by the institution for the holistic development of the students.
- Different opinions were shared in the feedback forms on the absentee and irregularity of the learners
- In the overall feedback, parents are satisfied from the physical maintenance of the infrastructure, facilities, and supportive teaching staff and about the overall progression of the students.

- In the different meetings of PTA, parents have given their views on the scholarships and career opportunities.
